WEDNESDAY JUNE 15.

WHAT SHALL THE CAMPAIGN BE?

The other day a republican newspaper made the statement that when John Sherman finished his speech at Springfield, a vote was taken on republican presidential preferences, in the Illinois assembly, and Blaine received 56 votes and Sherman 19. Another republican saw fit to make the remark that the more speeches Sherman made while Blaine was away from home, the better were the latter's chances for success before the convention next year. And still another republican newspaper went out of its way to say that every time Sherman speaks the more the people are convinced that Blaine should be nominated. Of course, such ridiculous criticisms as these are made by papers that are unfriendly to Senator Sherman. In spirit they are bad, and in matter they are to be condemned.

Senator Sherman may have made a mistake in referring to the election frauds in the south in his Springfield speech. He might have builded better for himself had he made a beautiful and graceful speech on the so-called remarkably fraternal feeling between the north and the south. He might have covered up the truth of history and said nothing about the political methods employed in the south by the democratic administration. But John Sherman is not the man to turn his sails that he might be carried smoothly on the topmost wave of popularity, at the sacrifice of personal courage and an abandonment of his convictions. So he made his Springfield speech according to his idea of right and duty. For him personally, it may have been a mistake. For truth's sake, it was a timely speech.

Several prominent republicans of Chicago, regret that Senator Sherman did not repeat the spirit and matter of his Nashville speech at Springfield. And it is said that Senator Farwell, while with Sherman on the train going to Springfield, tried to convince him that a revival of "bloody shirt" politics would not meet with popular favor among the republicans of Illinois; but as advance copies of the speech had been given to the press, it could not be changed. The speech, right or wrong, was made, and in it there was no appealing to the passions or prejudice of men. It was simply a statement of sober, humiliating facts, and if Senator Sherman thereby injured his presidential boom or damaged his political fences, it only proves that it is not always the best policy to tell the truth.

And so these differences of opinion in regard to Senator Sherman's able speech at Springfield, will naturally suggest the question, "what shall the campaign be?" Shall it be fought solely on the tariff, with no reference to the demoralizing election frauds in the south, or the peace and power of the ex-rebel states in the present democratic government at home and abroad? Or shall it be simply a blind battle for the offices? The democratic party is remarkably touchy on its past record. You can't offend a democrat more deeply than by repeating to him any part of the history of his party for the past twenty-seven years. He doesn't like it because it is not pleasant to hear it, for that history is the worst dose of political crow any party was ever compelled to swallow, and it is no wonder the party kicks when the dose is administered. And there are some republicans who want to be charitable, and let the dead past bury its dead, or in other words, to forget the evils the democratic party once did, and fight the campaign on the tariff or something else that doesn't hurt the enemy quite as much as waking up its blunders of the past. This may be the easiest way out of the campaign next year but things have come to a singular pass when the history of a party, which is its shame of to-day, and part of its present spirit as well, cannot be used against it. Let this fact be always remembered, that the party which was buried in 1860 is very much the same party which was resurrected in 1884. The appearances of things at Washington, and the election returns of the south confirm this statement.

Tuesday the legislature of New Hampshire,—by a vote of 15 to 9 in the senate, and 155 to 142 in the house—elected Hon. Wm. E. Chandler United States senator, and thereby chose a man who will make a very strong member of congress. Mr. Chandler is a thoroughgoing republican, a splendid politician marshal, and a man who has never been corrupted by politics. He is 51 years old and he is a good lawyer. President Lincoln made him judge advocate general of the United States before the boy was 30 years old, and soon after he was appointed first assistant secretary of the treasury in place of Mr. Harrington, who went to Switzerland as United States minister. He reorganized the interior department, and inaugerated many reforms. In 1867 he resigned, and began energetic work as secretary of the national republican committee. His campaign diplomacy in 1868, 1872 and 1876 was looked upon as admirable. He was also secretary of the navy under President Arthur. He received the entire republican vote of the legislature, notwithstanding reports that combinations were being made by dissatisfied republicans with democrats to encompass his defeat.

The election of Senator Chandler from New Hampshire, completes the list of senators and senators-elect of the fiftieth congress. The roll will stand: Republicans, 39, including Riddleberger, of Virginia, and democrats, 37. California, Ohio and Virginia are the only states whose senators are divided. This is the closest political unity in the senate by states since the war. Political differences in the last congress between senators existed in those from Ohio, New Jersey, Nevada, Indiana, and at one time California. Senators-elect Stewart, of Nevada, Hearst, of California, and Paddock, of Nebraska, are also ex-senators. Three members of the last house are also senators-elect, namely Hiscock, from New York; Daniels, from Virginia; and Reagan, from Texas. Senator Chandler has been in public life for over twenty years, and he is the second member of the late President Arthur's cabinet to be elected to the senate, Teller, of Colorado, having served under the last administration as secretary of the interior.

Milwaukee Sentinel: The syndicate that has been working up a corner in wheat in the Chicago market appear yesterday to have suddenly let go, and there was a drop of nearly 20 cents. A wild excitement and almost a panic was the consequence. A number of serious failures occurred and more are likely to follow.

No such serious and abrupt decline in prices in the wheat market, and no such excitement among the dealers in that staple as that of yesterday, has been witnessed since a little over ten years ago, shortly after the breaking out of the war between Russia and Turkey. On the 26th of April, 1877, No. 2 spring advanced from $1.80 to $1.90. But the advance was soon lost, and on the 27th the market touched $1.82. On the 30th, sales were made as low as $1.79, and on the 1st of May it touched $1.64½. A gradual decline followed, and as trading was active and heavy, large amounts of money were made and lost.

The deposits in Savings Banks in this country and those in Great Britain are compared in a very interesting manner by the Dry Goods Chronicle. It says there are 903 State Banks and Loan and Trust Companies in the United States with a capital of $139,409,922, and surplus and undivided profits amounting to $59,755,221. The Savings Banks number 637, with a capital of $32,195,748 with a surplus and undivided profits equal to $133,407,928, and total deposits $1,011,402,787, or £202,280,557 sterling. In 1884 there were in the United Kingdom 411 Postoffice Savings Banks and 7,756 other banks; total, 8,167. At the Postoffice Savings Banks the deposits were £44,773,773, and at Trustees Savings Banks £45,840,887; total, £90,614,660. It will thus be seen that the savings deposits of the United States are more than double what they are in the entire United Kingdom.

A prominent Chicago banker said the other day that he did't like the looks of things in the business world. He thought there was over-confidence in most lines of business, and men usually conservative seemed to be infested with the general fever. Those who used to call for an advance of $2,000, now wanted $5,000. Business men were full of new schemes and enterprises, while he could see nothing in the situation to justify their expectations. There has been a considerable inflation of the currency in the past months, which doubtless contributes to the speculative spirit of the moment. But those violent delights usually have violent ends.

There was almost a panic on the New York coffee exchange Monday. The "corner" had caused the greatest excitement known in the history of the exchange, and the operations of the cliques caused a number of failures, some of them for very large amounts. The price of coffee had been advanced to war time figures within a few months. Control of the market has been in the hands of a few men only, and the fortunes made by the deal must be enormous. Like all other similar speculations, however there are many disasters and wrecks, and the effect of them may be extended to other lines of business.

A bill before the Massachusetts legislature does away with the distinction that now exists between the church and the society in Congregational churches. "The double system of church and society government," says "The Boston Traveller," "has been found in late years a cumbrous and inconvenient one, and is a relic of a time when society and religious conditions were vastly different than at present. The abolition of the double system is in the direction of progress."

It is a fact well worth knowing that the postmaster of Chicago has received six car loads of postal cards at one time. The gross weight of the shipment was 73,000 tons, and the six cars contained 25 million cards. These cards will be distributed throughout six or eight western states by mail from Chicago. It is the largest shipment of postal cards ever known from the factory at Castleton, New York.

At a recent gypsy wedding at Macomb, Ill., when the bridegroom was asked if he took the woman to be his wedded wife he answered, "Just as you say." After the ceremony the man went out of one door and the woman out of another, and they did not appear to be in the least interested in each other.

Two Italian boys, who could not speak a word of English, went safely from their native country to Denver, Col., merely by labels attached to their jackets. If some people who can speak English would travel in the same way they would get along better.

It is an interesting fact that every member of the recent general assembly of the Presbyterian church South who served in the war was strongly in favor of union with the Northern church.

Few things, says the New York Tribune, are better calculated to draw tears from crocodiles unused to weep than the sight of a fine, old democratic organ tenderly wooing the prohibition voter.

COLLAPSE OF THE CORNER

A GREAT PANIC ON THE CHICAGO BOARD.

June Wheat Drops Almost 20 Cents, Causing Losses of Over $8,000,000.

CHICAGO, June 15.—The greatest break in wheat in the history of the Chicago Board of Trade occurred Tuesday morning, June wheat selling at 82 cents, a break of 10¼ cents. Before the board opened rumors were prevalent that at a secret meeting Bunker Wiltshire of Cincinnati, who is alleged to have furnished the money in the great corner, had announced to his brokers that no more money could be put up on margins. These rumors are said to have reached the ears of N. B. Ream, Billy Linn, and C. W. Brega & Co., for no sooner had the board opened this morning than the above firms had a dozen brokers in the pit. The first bid made for May wheat was 81 cents, and six minutes later wheat dropped to 79 cents, a difference of 4¾ cents from the closing price last night. Such a scurrying of brokers and messengers is seldom seen. They rushed in and out of the big room hatless and out of breath, some to unload wheat and others to get instructions. Within an hour millions of bushels were sold by the clique. The brokers supposed to be running the corner began by bidding 90 cents, while the opposition were offering wheat at 80¾. A few minutes after 11 o'clock Murray Nelson approached President Wright and made application for the marginal price of June wheat to be fixed. Mr. Wright replied that the matter would be considered at a meeting to be held later. While the above conversation was going on the alleged clique brokers were selling July wheat against the cash wheat they had been carrying. The excitement increased as the hands of the indicator advanced to 73¾ and then dropped to 78. A minute later the hands pointed to 77¾, a drop of 6 cents, and the shores were wild. All sorts of extravagants bids were made, but very few were accepted. The bids fluctuated between 77½c and 77c until the big bell on the tower struck 12, then the indicator showed that a sale had been made at 76¾c, when the crowd were wild. Staid old brokers and commission men ran around, breathless with excitement.

To illustrate the great fluctuations of the day the following range of prices for regular No. 2 spring wheat prevailing on 'Change will be of interest:

	Highest	Lowest	1:30 pm	2:30 pm
June.....	85¾	73	74¾	74¾
July.....	83¾	73¾	75¾	75¾
August...	78¾	70	71¾	71¾
Sept.....	78¾	76¾	78	77¾

It will be seen that cash wheat at one time stood 8¾ cents higher than July delivery—a most abnormal figure. The general idea is that cash stuff ought not to range higher than 1½ cents over thirty days' delivery.

At 12 o'clock Secretary Stone announced from the gallery that all having trades with Maurice Rosenfeld & Co. should close them out for their account. This announcement indicated that the clique had gone to pieces and possibly had carried down with it all the large houses through which it had been operating. Immediately the offices of Rosenfeld, C. J. Rushaw, and Irwin-Greene were crowded. At Rosenfeld's office Manager Frank Johnson was in charge, and said the clique had violated all of its verbal, written, and telegraphic promises to put up more margins, and that failure had been the cause of the intense panic.

The announcement of the failures of Hamill & Brine and E. W. Bailey was made in the afternoon. It is estimated the total losses here on account of the drop will exceed $8,000,000.

Not So Bad in New York.

NEW YORK, June 15.—The panic in Chicago was reflected here in a desire to sell so strong, and the quantity offered so great that a decline of nearly 5 cents was marked in the first few minutes amid the wildest excitement. The New York market was but a reflex of that of Chicago, and the most intense interest was manifested. When the break had assumed the proportions of a panic, and everyone seemed crazy to sell, C. D. Freeman, representing Henry Clews & Co., entered the ring and began bidding for 1,000,000 bushels. It was like oil on the troubled waters. A friend in need had come to the rescue and the excitement was allayed. The result was a recovery of 8 cents in June prices, and a marked advance in July before 11 o'clock. The wheat market was even more excited in the afternoon than in the morning. About noon the report was received that Rosenthal & Co., the head and front of the Chicago crowd had failed, while all sorts of rumors were current concerning other supposed members of the clique. The wheat pit was crowded all day, and the utmost feverishness existed from the opening to the close, for no one knew how soon or unexpectedly the Chicago disaster might affect the New York market disastrously. It is considered remarkable that even a greater decline in prices here was not occasioned. One cause of the comparative steadiness at this point was doubtless due to the action of level-headed brokers, led by Clews & Co., who during the day sustained the market by heavy purchases. There is no apprehension of serious trouble to any New York house.

The Effect in Milwaukee.

MILWAUKEE, Wis., June 15.—Such excitement on the Board of Trade as followed the announcement from Chicago of a break in prices has not been witnessed before in years. Four failures have already been announced here, and there are rumors that others will follow. Hill, Flertzheim & Co., Milwaukee representatives of C. S. Kershaw of Chicago, were the first to announce inability to pay. Wilson Bros. called on them for $20,000 of margins, and being refused they, too, suspended payment. Hooker, Crittenden & Co. also made a demand for $20,000 of margins from Hill, Flertzheim & Co., and in consequence of the refusal were also compelled to announce their inability. Joseph Wild, a small broker, was unable to settle his margins and went under. Most of the brokers are also heavy losers, having in none of their deals sufficient margins to cover such a drop.

Coffee Is Stronger.

NEW YORK, June 15.—The feeling in the street among coffee brokers is again stronger. Cables from Havre and Rio note increase of prices, standing at Havre 2 cents above the New York quotation and 5 cents above at Rio. A private Havre cable gives an advance of 3 francs, which is equivalent to 40 points in the New York market. All this tends to strengthen the feeling on 'change.

The talk of the street is of the grand stand of the "old war horse" J. J. O'Donohue, in staying the tide yesterday, which would have otherwise carried widespread disaster. Mr. O'Donohue feels confident. He believed that the scene of yesterday will not be repeated. Said he: "At least one big house was very closely pushed yesterday, and two others had a narrow escape."

THE WORLD OF SPORT.

Second Day's Shooting of the Illinois Tournament.

CHICAGO, June 15.—At the second day's shooting in the State tournament, the first contest was the shooting off of the ties in shoot No. 1 of the day previous. There were thirteen ties, and on the shoot-off all fell out but Orvis, Payson, and A. Price. The three latter then divided the remaining $70. The contest for the team championship of the State was then commenced. There were nineteen teams entered. The shoot was at ten birds, thirty yards rise. The Chicago Shooting club making the highest score, 38 out of a possible 40, took the first prize. The second prize, $75 cash, was divided without a shoot-off between the Audubon and South End clubs. Blue Island came in for third money. The Gun club captured fourth prize. Geneseo and the Audubon club of Jacksonville, were tied for fifth money.

The open tournament was then commenced. The first shoot was at 10 blue-rock pigeons at eighteen yards rise. First money, $63.75, was divided between McMurchy, Willard, Thursby and R. E. Franklin. Second money, $28.25, was taken by Billings and Stice. Third money, $25.50, was taken by Eisgeig, Henry, Strawn, O'Neil, and J. W. Franklin.

The second shoot, at 10 Peoria blackbirds, resulted as follows: First money, $52.50, was taken by Ashley, Stearin, O'Neil. Second money, $31.50, was taken by Sheldon, Stice, and Parent, and third stakes, $21, was divided by Black, Henry, Hotchkiss, and J. H. Jackson.

Mile and sixteenth, selling—Malaria, (Fishburn) won; M. Valentine, second; Lemian, third—time, 1:50¾.

Racing in Wisconsin.

JANESVILLE, Wis., June 15.—The first day's racing of the June meeting was well attended. The finest list of entries ever seen in the State has been named. The 2:24 race, purse $500, was won by James G., which took the last three heats—time, 2:21, 2:21, 2:21¼, 2:24¼, 2:25. The 2:40 trot, purse $500, was won by Patsy Quinn—time, 2:28, 2:27, 2:30.

Breaking Glass Balls.

ROCKFORD, Ill., June 15.—In Tuesday's shooting contest given under the auspices of the Forest City Gun Club, C. E. Cohoon of Freeport, won the diamond championship badge by breaking forty-two out of forty-five glass balls. The contesting parties were Winnebago, Boone, Ogle, Stephenson, DeKalb, and Rock.

The Ball Score.

Following is the record of Tuesday's games on the diamond: Chicago 19, Indianapolis 1; Boston 8, Washington 2; New York 5, Philadelphia 2; Pittsburg 4, Detroit 8; Athletic 3, Cleveland 8; Metropolitan 5, Louisville 3; Baltimore 15, St. Louis 12; Minneapolis 5, Oshkosh 4.

If Cleveland's Summer Plans.

WASHINGTON, June 15.—It is more than probable that President Cleveland will spend a fortnight late in the summer hunting in the Adirondacks. In September he will attend the Grand Army celebration in St. Louis, stopping a few hours en route at Cincinnati, and possibly Louisville. He will leave St. Louis via Omaha, where he may spend half a day. It is not improbable that another day may be spent in Chicago. Postmaster-General Vilas, who will be at his home at Madison, Wis., about this time, has urged the President to extend his trip to that point also. This the President may do if his brief vacation will permit. He is also considering propositions to stop over a few hours each at several other places between here and Chicago upon the return trip.

Southern Illinois Millers.

CENTRALIA, Ill., June 15.—The first annual session of the Southern Illinois Millers' association convened here Tuesday morning. About thirty millers were in attendance. President Meek of Morrisia in a talk urged the millers to do away with labels and use their own brands. H. Bridenhal of Sumner read an extensive paper on the system of bolting, after which the president presented R. B. Duncan of Cobden, the secretary, a handsome gold watch in behalf of the Association. The convention accepted an invitation of the Illinois Central, tendering them transportation to the nail mills. Interesting subjects were discussed at the afternoon and evening sessions.

Looks Bad for Ireland.

LONDON, June 15.—In consequence of the refusal of a section of the Parnellites Monday night to listen to the advice of Mr. Gladstone, who suggested that only weightier points be discussed, little progress was made with the coercion bill, the whole evening being consumed in discussing twelve lines of the fifth clause. Last night a number of scrappy amendments were proposed and rejected, the ministers treating each in the earnest manner and the liberal leaders refraining from speaking. The result will be that some of the worst proposals of the bill will escape amendment when cloture is finally applied Friday night.

DOLLARS AND SENSE !

Are two very good things to have and those who make good use of the latter generally manage to get their share of the former. The sense of saving the cents is pretty generally understood by all, but where and how to save them may not be quite so well and widely known. The morgue of economy and the graveyard of frugality is found in all those stores who ask a few cents more than we do for the purchases of the day.

WORK OF THE ILLINOIS LEGISLATURE.

Routine of the Senate and House—Bills Approved by the Governor.

SPRINGFIELD, Ill., June 15.—The House amendments to the Senate General Banking Law Bill were concurred in by the Senate. The House bill providing for the weighing of coal at the mines was called up by Senator Darnell, read a second time and advanced. House bill No. 681, appropriating $136,000 for the expenses of the penitentiary at Joliet, and to keep the prisoners therein employed, was passed. Senator Curtiss' motion, to reconsider the vote by which the bill to transfer the old Lincoln homestead to the State and the appointment of a cripple Illinois soldier as custodian was ordered to third reading, was carried. The Senator then moved to reconsider the vote by which the amendment providing that the custodian shall be a crippled Illinois soldier was adopted. Carried. The Senate refused to adopt the amendment by a vote of 20 yeas to 25 nays, and the bill was ordered to a third reading. The Senate refused to suspend the rules to take up the House bill appropriating $177,000 for the construction of an additional building at the Insane Hospital at Elgin, and the House bill making an appropriation of $20,000 for the erection of a monument to the memory of Gov. Yates at Jacksonville. The House bill appropriating $5,000 for the relief of Manual A. Boals, money due him in the construction of the feeble minded asylum at Lincoln was passed. The House bill appropriating $1,500 for the relief of Peter McGee, who was disabled by the premature discharge of a cannon belonging to the State was defeated, but a motion to reconsider the vote was carried and the bill passed.

The House bill providing a penalty for the employer preventing an employe from voting on election day was advanced. The House Purdum bill amending the pharmacy act by preventing physicians from acting as pharmacists unless they obtain certificates as pharmacists was passed. The House kindergarten school bill was called up, but failed to pass by a vote of 17 to 27. The bill passed authorizing the board of trustees of the Illinois Central Hospital for the Insane at Jacksonville to sell and convey certain lands to the city of Jacksonville. The bill making sundry amendments to the general mining law with Senate amendments was passed. The mob and riot bill, called up by Senator Hadley, was passed with Senate amendments. The Senate concurred in the report of the conference committee upon the general appropriation bill. The bill requiring the letter of a contract to see that the laborers are paid before he settles with the contractor was passed. The House "boycott" bill was called up by Senator Hill and passed by a vote of 30 to 6. The Senate passed the dynamite bill, without any votes being recorded in the negative. The bill has an array of Senate amendments and will have to go to the House. The bill to prohibit landlords including taxes in the rent of farms, passed. The Merritt pleuro-pneumonia bill was advanced to third reading. The House bill providing that in cases of changes of venue the county where the crime was committed shall pay the witness fees and mileage, passed without objection. Senator Organ tried to get up the Yates monument bill for Senator Thompson, but the Senate refused to suspend the rules. Senator Thompson challenged the vote, as Senator Johnson, who had made the motion to suspend the rules, was not recorded. Senator Johnson was by consent recorded in the affirmative, but it did not change the result. Senator Thompson then challenged the president, and the latter claimed that such action was discourteous. This little by-play was lost sight of in the wrangle over the effort of Senator Pearson to get up the bill to establish a State reformatory. The Senate adjourned until morning.

In the House a heated and prolonged debate occurred upon the Senate bill to compel mine operators to pay miners by weight for coal screening, which was subsequently sold. The bill was sent to third reading. The Speaker appointed Messrs. Rudy, Day, and Blackburn a conference committee to act with a similar committee from the Senate on the amendment to the general appropriation bill. The bill allowing Samuel Stuart $18,680 for work done with a team at Shawneetown during the war passed. Mr. Taylor introduced a bill to appropriate $5,000 to investigate the murder of two men in Hardin county. The bill allowing the jury that pronounces a person insane to also appoint a conservator, that was defeated last week, has been amended to satisfy all parties and passed. The bill amending the law so that the Park Commissioners of Chicago may levy and collect taxes for the maintenance and improvement of public parks and streets leading to them failed to pass.

The special order of the Governor's message vetoing the Lillie claim bill was taken up, and after a wrangle as to how the bill should be presented to the House, the roll was called upon the question of passing the bill over the Governor's veto. One hour and a half was consumed in the explanation of votes. The House refused to pass the bill over the veto by a vote of 50 yeas to 72 nays.

The tax levy bill was passed. The item of $20,000 for a northern encampment then came up on a question of concurrence to an amendment to that effect attached to the general militia bill. The House refused to concur in the amendment by a vote of yeas 51 to nays 80. Judge Greene called up the Senate amendment to the medical practice act. The bill was made a special order for the morning session. It brings ten-year practitioners within control of the board, and increases the fees for examination. The report of the joint conference committee on the general appropriation bill was concurred in. The special committee of investigation into the circumstances connected with the death of B. G. Pedro, the ill-treatment of W. L. Bowen, late inmates of the Anna asylum, made majority and minority reports. Mr. Baker moved that the minority report signed by himself and Mr. Browne of LaSalle, be substituted for that of the majority. Mr. Browne recited the facts as set out in the report, and made an earnest speech in favor of the minority report; claiming that the committee was in possession of undisputed evidence that inmates of the institution had been kicked, beaten and maltreated. Mr. Jones of Crawford spoke on behalf of the report of the majority, and was followed by Mr. Baker, who desired the adoption of the views of himself and Mr. Browne of LaSalle. The majority report was substituted for that of the minority by a vote of yeas 79 to nays 37, and at 7 p. m. the House adjourned for the day.

Among the bills approved by Gov. Oglesby are the following: Representative Wills', making appropriations for the Soldiers' Home at Quincy; Representative Moran's, to amend Section 34 of an act entitled, "An Act Concerning Insolvent Debtors;" Representative McKinlay's, to provide for appeals from interlocutory orders granting injunctions or appointing receivers; Representative Jones', of Sangamon, making an appropriation for repairs upon the State House; Representative Little's, to provide for a deficiency in the ordinary and contingent expenses of the Department of Public Instruction; by the Committee on Claims, to reimburse owners of cows that were quarantined by the State Board of Live Stock Commissioners in September, 1886, for the cost incurred therein; Senator Eckhardt's, to authorize the corporate authorities of towns having an indebtedness hereafter created to pay the cost of procuring lands for public parks in such towns, to issue and sell bonds to pay and refund such indebtedness; Senator Hill's making appropriation for the Anna Insane Asylum; Senator Berggren's to amend sections 1, 3 and 4 of division 12 of an act to revise the law in relation to criminal jurisprudence; Senator Funk's making appropriations for the Soldiers' Orphans' Home, at Normal; the committee bill to enable Park Commissioners to condemn land in certain cases for the purpose of making streets selected and taken for boulevards; Senator Leman's, to authorize the issue of bonds to raise funds for the protection of public parks from waste by the action of water, known as the Lincoln Park Sea-wall bill.

A recapitulation of the work of the session shows the following:

Bills introduced in House	858
Bills introduced in Senate	427
Total	1,285
Number of bills passed (House)	61
Number of bills passed (Senate)	90
Total	160

[This will be increased by the session of to-day.]

Estimated cost of the present session	$375,000
Number of days in session	102
In the Treasury, July 1	$2,000,000
Revenue provided this year for the ensuing two years	$7,700,000

Work at Lansing.

LANSING, Mich., June 15.—Both houses have been in session nearly the entire day, but have accomplished little in the way of passing bills. The Burr local option bill was reported from the Senate committee on liquor traffic with an amendment of a minor character, and made the special order. The vote on placing this bill in the order of consideration before the high-tax bill, which is to be considered on Thursday, was 15 to 11, showing an inclination to take up the local option bill first. Both of the mining school appropriation bills have been presented to the Governor, but he has not yet signed them. The Rogers railroad bill, controlling freight rates, has been reported by the Senate committee, without recommendation, and has been placed on general order. The consolidation of the Bay Cities is the question on call in the House. It was tabled in hopes that there would be a working quorum present some day this week. The Senate has appointed its half of the committee of conference on the railroad-fence bill, as follows: Senators W. I. Babcock, Howell, and Reed.

The House was in committee of the whole nearly all day. The only important bill considered was one making an appropriation for the Northern Insane Asylum. The House increased the appropriation $13,600 to build a new cottage to hold fifty more patients. Several bills were killed, among them one by Mr. Bates providing for a minority representation plan of voting for representatives in the State Legislature. House bills passed the Senate this afternoon appropriating $60,000 for a new building at the State Normal school; also $39,000 for the State Fish Commission. It is firmly believed that the former will receive the veto of the Governor. A bill providing for the purchase of a set of Supreme court reports for each Probate Judge of the State, eighty-two in all, has now passed both Houses, the amount appropriated being $7,500. The resolution fixing the day of adjournment as the 25th was killed in the Senate, and no date is as yet fixed.

Chandler Elected Senator.

CONCORD, N. H., June 15.—The Senate Tuesday morning at 11 o'clock voted for United States Senator, every member being present. The ballot resulted as follows: Harry Bingham, Dem., 9; William E. Chandler, Rep., 15. In the afternoon the House balloted. Mr. Chandler received 165 votes to 142 cast for his opponents. He was therefore declared elected to fill the unexpired term of Senator Pike.

A Queer Freak of Electricity.

NEW YORK, June 14.—Advices from Panama say: A most extraordinary event happened recently to a farmer living near that place. He had been superintending some work which was being done in the fields and had left his men to return to his home, when he was momentarily surrounded by an electric flame, which disappeared as quickly as it came. The victim's left eye was damaged and the eyebrow was completely burned off. The hair surrounding his ears, a portion of his beard, and all the hair on his breast was burned off. All the brass buttons disappeared from his clothing, his watch-chain was cut in two, a small hole was bored through his watch-case, the watch-glass was shattered, and his right side was burned. He suffered severely, but is recovering rapidly under medical treatment.

The Vatican and Parnell.

LONDON, June 15.—The Times' correspondent at Rome says that the Pope has no sympathy with Mr. Parnell's Irish campaign, but that no official opinion to show how the church regards the movement has been given because the energetic pressure to bear by the majority of the Irish bishops holds the normally conservative tendencies of the vatican in check. The correspondent adds that nothing more is definitely known regarding the question of reconciliation between Italy and the vatican or of the establishment by England and the vatican of diplomatic relations.

Discussing Dr. McGlynn's Future.

NEW YORK, June 15.—It has been decided to abandon the plan of getting up the monster petition for Dr. McGlynn, which was to be forwarded to Rome. A rumor regarding the future movement of Dr. McGlynn and Henry George in politics has been started in St. Stephen's parish. It is to the effect that one of the two will in the coming campaign run for the place in the Senate now filled by Senator John J. Cullen, while the other will endeavor to succeed John F. Kenny of the 13th district in the Assembly.

Sons of Veterans Encampment.

PEORIA, Ill., June 15.—The State encampment of the Sons of Veterans is being held here. Forty-six camps are represented, and these are from all parts of the State. The exercises yesterday consisted principally of secret committee meetings. At 5 o'clock there was a dress parade. The encampment proper begins to-day, when Henry P. Ayres of Bryne Post, G. A. R., will deliver the opening address.

The Convention Signed.

CONSTANTINOPLE, June 15.—Sir Henry Drummond Wolff, British high commissioner in connection with Egyptian affairs, has notified the porte that Queen Victoria has appended her signature to the Anglo-Turkish convention concerning Egypt, and that her majesty awaits the issue of the Sultan's irade announcing the convention in force.

An Indolent Organ.

When the liver is indolent, as it must necessarily be when it fails to secrete the bile in sufficient quantities to meet the requirements of digestion and evacuation, it should be set at work with Hostetter's Stomach Bitters. The healthful stimulus to activity imparted by this incomparable alternative, speedily evinces itself by a departure of the uncomfortable sensations in the right side; the nausea; fur upon the tongue; indigestion, and sick headache consequent upon inactivity of the liver and the diversion of the bile from its proper channel. Irregularity of the bowels is always and painlessly reformed by the corrective indicated, which is infinitely to be preferred, both because it is safe and more efficacious to blue pill, calomel and drenching purgatives of every class. It cures and prevents fever and ague, and rheumatism.

Babies that are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by Sold by Prentice & Evenson O. P. O.

Grace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which base for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an aftertone that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Frank Sherer & Co's. Drug store.

TRINITY'S JUBILEE SERVICE.

How that Church Will Celebrate—Bishop Potter's Views.

NEW YORK, June 15.—There has been some comment among those advised of the facts because of the service to be held in Queen Victoria's honor at 4 o'clock next Sunday afternoon at old Trinity church. Its importance is entirely due to the fact that a large body of the Episcopal clergy of the metropolis of the American republic will assemble in their principal church edifice in this city to honor Great Britain's sovereign on the day preceding the fifteenth anniversary of her coronation. The movement to bring this about seems to have had its inception among the English residents of the city, and to have been carried forward subsequently with the help of some of the Episcopal clergy of English extraction. They have, however, found no difficulty in enlisting the services of their American brethren. The programme arranged will follow the same order as that laid down for the usual afternoon service. With the exception of the sermon, which will be devoted to eulogizing the Queen, the only innovations will be in the character of the music. This will include the ringing of English national airs on the chimes before the services commence, and a prelude of the same character on the organ.

Bishop Potter stated his opinion regarding the service as follows: "The celebration of the Queen's jubilee commends itself to me as the recognition of a reign of fifty years, conspicuous for fidelity to duty, exemplary private life, genuine sympathy with sorrow and misfortune, dignity and simplicity of personal character and hearty interest in the American people and the preservation of the union. No one can forget the Queen's many tokens of kindly feeling and earnest sympathy in connection with the tragic deaths of Lincoln and Garfield and the illness and death of Grant. As a woman, wife, and mother she has been an example and honor to her sex; and, whether people love or hate England, they can well afford to honor her."

It will be remembered that what was practically a memorial service was held in St. Paul's, London, after the death of Garfield.

GOULD SPEAKS.

His Plans for the Summer and His Views.

NEW YORK, June 15.—Jay Gould returned from a week's yachting cruise to Fortress Monroe on Sunday, and was at his office Monday. He appeared to be in good health, and his cheeks were somewhat browned. "I am not dead yet, in spite of Wall street rumors," he said, "and my trip has done me a great deal of good. I wanted rest, I suppose, and the cruise gave it to me. I feel very much better in every way, although I may never be wholly free from neuralgia. No, I am not going away again immediately. I intend to take it easy this summer, and undoubtedly shall make many short trips. I see that railroad earnings are good, and those of the Missouri Pacific system are exceptionally favorable. I look for a continuance of this heavy traffic, so far at least as our roads are concerned."

Speaking of the money market Mr. Gould said: "It is a time, perhaps, when prudence is necessary, but so far as I can see the country is unusually prosperous and the disturbances that are likely to occur will probably be transient."

Another Fool Jump.

CINCINNATI, Ohio, June 15.—William Mahoney, a young man employed in a glove factory in this city, last night jumped from the suspension bridge to satisfy himself and a few friends that the feat could be safely accomplished. Mahoney made the jump without witnesses, and had no arrangements for his rescue. He darted down headforemost, struck the water with his head, and when he came up, started to swim to the Kentucky shore, but was taken up by men in a boat who happened to see the leap. He was not seriously hurt, but complained of a pain in his back.

A Heavy Iron Failure.

PHILADELPHIA, Pa., June 15.—The Crozier Iron and Steel company has made an assignment for the benefit of its creditors. The preferred creditors amount to $378,000, and the assignment was made, it is stated, for the adjustment of some legal difficulties, among which is a claim of $80,000. The works are located at Roanoke, Va., and the principal owner is Samuel A. Crozier of the Chester rolling-mills in this State, who is rated at from $1,000,000 to $3,000,000.

The Mine Will Be Reopened.

ISHPEMING, Mich., June 15.—The Cheshire mine, about twenty-seven miles south of Negaunee, on the line of the Chicago & Northwestern railway, which has been closed about seven years, will be started up before July 1. The Cheshire is a good mine, but has been idle on account of legal complications which arose between the owners, who are prominent Pennsylvania furnace men.

We Caution all Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in the head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cents.

Naturally Reduced Iron.

On the North Saskatchewan river, in the northwest territory of Canada, about seventy miles above the town of Edmonton, Alberta, there is an interesting example of naturally reduced iron. Along the river bank a lignite formation crops out for several miles, overlaid by clay shales and soft argillaceous sandstones containing nodules of clay ironstone. These nodules are similar to others found at Edmonton, and proved by analysis to be carbonates of iron, containing 34.08 per cent. of metallic iron. The Saskatchewan seam of lignite has at some time or other been burnt, leaving a bed of ashes, clinkers and burnt clay, in places twenty feet thick, and now covered by a dense growth of grass and underwood. From this mass of burnt clay pieces of metallic iron can be picked out, weighing in some cases fifteen pounds or twenty pounds. They have evidently been reduced from the nodules above mentioned by the heat of the burning lignite. Most of the pieces of iron are much rusted; but when scratched with a file they show a bright surface. The observation is interesting, and to some may help to explain how primitive man originally discovered the reduction of iron ore.—Engineering.

Missed His Opportunity.

A wagon loaded with wood and drawn by a poor old horse, driven by a negro, was standing on Montcalm street the other day, when a pedestrian stopped and said:

"My colored friend, did you ever hear of transmigration?"

"No, sah. Is it settlin' new?"

"Not very. It is the theory that man, after death, takes some other form."

"Might turn into a hoss, eh?"

"That's it. You might turn into a poor old horse like this and be overworked and ill treated, as this one evidently is. Just back there a little way I saw you beat him with the butt of the whip."

"Yes, I did; but you look heah. I want to tell ye right yere and now dat if I turn into an ole hoss, an' I doan' kick de dash board in de fust time I'ze struck I won't hev nuffin to say no mo'e. Dis ole hoss missed his opportunity thirty years ago, an' he hain't got no remarks to make now."—Detroit Free Press.

A Valuable File.

Nearly every one in New York has heard of "Black Number" Budd, who puts away every day fifty copies of each New York newspaper to sell them to customers years hence at 500 to 5,000 per cent. profit. It is reported that he once received $700 for a single newspaper. Recently he was called upon by some Kansas men, among whom was Senator Ingalls, who asked his assistance in procuring a complete file of The Leavenworth Journal for the two years that it was under the management of John Henderson, during the agitation that resulted in the Lecompton constitutional convention and the establishment of Kansas as a free state. The file was desired for the Kansas Historical society, and they were willing to pay $10,000 for it.—New York Tribune.

Gathering Dandelion Leaves.

"Do you see that girl in the grass by the big oak?" asked a Union park policeman, pointing to a mite of a thing in a tattered gown. "She's digging her dinner, poor thing. She comes here every morning about this time and asks permission to cut dandelion leaves. She clips a basketful of the weed before 11 o'clock, and then she toddles over to her home on Austin avenue. It is a palatable dish—these dandelion leaves—but I should think the poor thing would get tired of them. She tells me her mother boils them and serves them as greens."—Chicago Herald.

A Sinking Ship.

The wonderful British navy is as prolific in subjects for scandal as ever. One newspaper says one of the new vessels no sooner left the dockyard hands with the intention of proceeding on a voyage than a fortunate discovery proved her to be quietly sinking. Such a discreditable mishap has just occurred to the Langrail of Plymouth, after £54,858 had been spent in building her. Her sister ship Curlew cut a sorry figure off the same port under similar circumstances a short time ago.—Chicago Tribune.

True Friendship.

Mr. Jefferson Davis writes to a friend that true friendship is always founded on true worth, and that a quaint old Mississippian used to say, "I think my friends are just as good as any other people's friends."—Harper's Bazar.

THEY FOUGHT FOR A GIRL

SERIOUS DUEL BETWEEN CANADIAN FARMERS.

The Lady Finally Allowed to Choose Between Them—Crimes and Casualties of a Day.

OTTAWA, Canada, June 15.—Word was received here to-day from Kalida, a small village about ten miles from here, that a duel was fought between two young farmers, John Grochus and Thomas Timberlake, resulting in the serious wounding of both. The weapons were pistols and the distance twenty-five yards. At the command to fire Timberlake's pistol missed, but Grochus' bullet passed through Timberlake's coat and lodged in a tree just behind him. Grochus' friends wished the duel to stop, but Timberlake said he wanted to kill or be killed. Word was again given to fire, Timberlake being wounded in the stomach and Grochus in the side. Examination by physicians showed both to be seriously wounded, but they will probably recover. The cause of the duel was the rivalry for the hand of Miss Mary Birney. After the duel the men shook hands and agreed to let the young lady choose between them.

Pinned Under Water by a Wreck.

BUTLER, Mo., June 15.—Monday the Fisher Brothers, Wesley and Elmer, were crossing a bridge with a traction engine. The west half of the structure gave way and the engine with both men fell into the water, some fifteen feet below, pinning both under the engine. The elder, Wesley, was held under the water and died at once. Elmer was held fast in the water, but with his head above. It was nearly two hours before he was released and the dead body of his brother taken out.

One Taken; the Other Left.

ST. JOSEPH, Mo., June 15.—Matthew Rapp, a prominent farmer living seven miles east of this city, was instantly killed by lightning last night. Mr. Rapp awoke in the middle of the night and went to the side door of his residence to see how violent the storm was. The moment he opened the door a bolt of lightning rent the air and he fell dead in the arms of his wife. The only mark upon the body was a blue one extending from temple to temple under the chin.

Terribly Burned by Acid.

INDIANAPOLIS, Ind., June 15.—John Williams, a farmer, residing south of this city, met with a terrible accident this evening. He had purchased a bottle of acid, and had it setting on his lap as he rode home. Suddenly the cork was forced out and the acid covered his face, putting out both his eyes and burning his face, breast and arms in a terrible manner. It is thought he will die.

A Couple of Casualties.

LAPEER, Mich., June 15.—Early Tuesday morning the Star Flouring mill, at Otter Lake, was burned. Loss, $15,000; insurance, $8,500. Nothing was saved.

William Bell, aged 84 years, was struck by a Michigan Central express train Monday evening, near Otter Lake, and fatally injured. He is a wealthy farmer.

Killed in a Trench.

ELGIN, Ill., June 15.—George Funk, laborer, was instantly killed Tuesday forenoon by the caving in of a trench for water mains in which he was working.

CONDENSED DISPATCHES.

Six men robbed a Kansas City street car driver's box of $13.90.

The Massachusetts House refuse to agree to the constitutional prohibitory amendment.

Public sentiment near Richmond, Ind., where Mrs. William T. Bell was so horribly butchered Monday afternoon by tramps, as first reported by her son, aged 13, now charges the crime to him.

At a special election in La Salle county, Ill., for treasurer to fill a vacancy, Wright Adams, Republican, was elected over Matt White, Democrat, by an estimated majority of 600—a gain of nearly 1,000.

The trial of Archibald Gilmore has commenced in the Circuit court at Yorkville, Ill. Gilmore is charged with the murder of John Beffor, who was killed in a drunken row in August, 1885. The accused claims he acted in self-defense.

William Gantt, a brakeman on the Illinois Central railroad, shot John Doyle at the Kankakee Junction Monday evening. The shot was intended for Frank Ward, the conductor on the east-bound freight. Doyle is in a critical condition. Gantt has fled.

H. Hollebeck, a wealthy farmer near Rockford, Ill., was fleeced out of $2,000 Monday by three sharpers. Two went to him to buy his farm, and while looking at it they met the third, who by means of cards fleeced him out of the above sum. They then escaped.

Davitt and Cox to Be Prosecuted.

DUBLIN, June 15.—It is reported that the government intends to prosecute Michael Davitt and Mr. Joseph Richard Cox, Nationalist member of Parliament for East Clare, for their conduct in inciting the Bodyke tenants to resist eviction.

A farm servant named Hurley was shot and killed last night by moonlighters near Tralee, county Kerry. Eleven bullets pierced his body. Hurley had been in the employ of a widow named Burke, whose husband was recently found dead under a haymow on the farm, under circumstances which aroused suspicion.

Burning Gambling Tools.

ATLANTA, Ga., June 15.—Since Atlanta became a prohibition city the moral element has been in control of politics. To-day the city officials treated the public to a bonfire, the fuel being composed of six wagon loads of poker tables, faro and roulette tables, rouge et noir tables, wheels of fortune, keno and other gambling paraphernalia acquired by the police in their numerous raids since the moral wave struck Atlanta. The furniture was all new and handsome, and was appraised at over $5,000.

Naval Examiners Complete Their Work.

WASHINGTON, June 15.—The board of examiners appointed by Secretary Whitney to decide which of the designs for cruisers and gunboats, submitted by naval experts in response to a circular from the Navy Department, are the best adapted to the purposes intended, have finished their work, and yesterday reported their conclusions to the Secretary. The prize for the best design for each type of vessel is $15,000, and the successful competitors will be made known in a few days.

Insane Superintendents in Council.

DETROIT, Mich., June 15.—One hundred asylums in the United States and Canada are represented in the association of Medical Superintendents of American Institutions for the Insane, which began its session at the council chamber this morning. This is the forty-first meeting. About sixty superintendents are in the city. The session will last four days. During the business sessions the time is devoted to the reading of papers.

Astonishing Success.

It is the duty of every person who has used *Boschee's German Syrup* to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottle were sold last year, and no one case where it failed was reported. Such a medicine as the *German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers, in the United States and Canada

Incivility to a Dude.

A Pullman conductor on the Delaware and Lackawanna road had an experience some time ago that he will not soon forget. Coming out of the depot at Elmira he was confronted by a dude with an eyeglass and a big cane, who said: "Aw, going to Buffalo tonight?" "Bet your life we are," answered the conductor rather brusquely, as he boarded to his car. When he got to New York he was suspended for ten days for incivility to passengers. The dude was a spotter.

The Chinese Version.

The Chinese version of Solomon's Judgment is that when the case of two mothers and one child came before a wise mandarin he handed the matter over to his wife for decision. She ordered that the child's clothes should secretly be put on a fish, which, thus disguised, should be thrown into the river. This was done, and the woman who ran shrieking into the water to save the child was declared to be the mother.—Brooklyn Eagle.

Two Million Circulation.

"The Publishers' Bulletin," a new weekly just started in this city, says that Dr. Talmage will soon begin to write a weekly sermon letter for a number of newspapers. His sermons are already published by a large syndicate of newspapers, and are said to have a circulation of 2,000,000 a week.

One Meal per Day.

An inventor in Auburn, Me., who says that he has worked 700 days of ten hours each in the last two years, and very few of them on Sundays, attributes his endurance largely to the fact that he eats but one meal in twenty-four hours, and that very simple.

Vitiated Blood,

Scrofulous, Inherited and Contagious Humors Cured by Cuticura

Through the medium of one of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., I became acquainted with your Cuticura Remedies, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding you this testimonial, unsolicited as it is by you in order that others suffering from similar maladies may be encourag. d to give your Cuticura Remedies a trial.

SCROFULOUS ULCERS.

James E. Richardson, Custom House, New Orleans, on oath says: In 1870 scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse No relief or cure in ten years. In 1880 I heard of the Cuticura Remedies, used them and was perfectly cured."

ONE OF THE WORST CASES.

We have been selling your Cuticura Remedies for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of Cuticura Resolvent, Cuticura, and Cuticura Soap. The Soap takes the "cake" here as a medicinal soap.

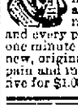
Chokin⁄ Catarrh

Have you awakened from a disturbed sleep with all the horrible sensations of an assassin clutching your throat and pressing the life-breath from your tightened chest? Have you not felt the banner and debility that succeed the effort to clear your throat and head of this catarrhal matter? What a depressed influence it exerts upon the mind, clouding the memory and filling the head with pains and strange noises! How difficult it is to rid the nasal passages, throat and lungs of this poisonous mucus all can testify who are afflicted with catarrh. How difficult to protect the system against its further progress towards the lungs, liver and kidneys, all physicians will admit. It is a terrible disease, and cries out for relief and cure.

The remarkable curative powers, when all other remedies utterly fail, of Hanford's Balsam of Cure, are attested by thousands who gratefully recommend it to fellow sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references.

How My Sides Ache



From the bench and the counter, from the loom and sewing machine grow up the cry of pain and weakness, aching sides and back, kidney and uterine pains, strains and weaknesses, coughs, colds and chest pains, and every pain and ache offensive toil relieved in one minute by the Cuticura Anti Pain Plaster, a new, original, elegant and infallible antidote to pain and inflammation. At all druggists, 25c; five for $1.00; or of Potter Drug Co., Boston.

Dr. Miner has an experience in medical practice of over a quarter of a century, is not beginning his second year in Janesville. Was ever heard of such marvelous cures as he has done here without medicine. Call at his office for references. He publishes no names. Sprained or dislocated joints, paralysis, TIRED BACK, PAINFUL BACK, LAME BACK relieved in one or two treatments. Catarrh, throat and lung diseases. Female diseases of whatever character are as surely cured by his modern treatment as that the parties follow his instructions. He has not failed in one case in this state since 1874 to cure and in any case mentioned in his office. Dr Miner never prescribes for a case unless he is sure of success. Many are turned away for this reason only. Consultation free. Office hours 9 to 12 m.; 2 to 5 and 7 to 8 p. m. Calls made outside of office hours at regular prices.

BRIEFLETS.

—Have you seen the balloon?

—Wisconsin Lodge No. 14, I. O. O. F., occupy Odd Fellows hall this evening—regular weekly meeting.

—Enough young men with "rooms to let in the upper story," are in town to give the pool sellers a very soft thing.

—E. Lyon who has been visiting in the city for a few days past as a guest of J. T. Wright, has returned to the east.

—Tremwith and Hayes have been bound over for trial on June 21st. The charge against them is for riot, incited by them at Milton.

—Special meeting of the common council this evening for the purpose of considering the Nicholson pavement and the building of a new school house.

—A dispatch from Waukesha says:—"The Waukesha Water Works company is now laying 1,200 feet of pipe a day, and work on all the main streets will be finished by July 1."

—The fans for the sociable of Trinity church at the residence of Mr. E. H. Davies to-morrow evening have arrived. There will be a literary program with ice cream and cake accompaniment. Fans for sale.

—Remember the social to be given this evening by the young ladies of the First Methodist church, at the residence of Samuel Wright, Park avenue fourth ward. Ice cream etc. will be served. All are invited.

—Two thousand dollars were in the box when the pools closed last night. Fullerton D. was ahead in the pacing race while Annie King sold as a strong favorite among the trotters. The second choice was Calvina Sprague.

—Geo. W. Peck, the humorist of Peck's Sun, is attending the races and is much pleased with the fine showing of fast horses at the park. George wants a span of $27,500 pacers. He greatly admires "Silver Tail" and "Daisey D."

—When a young man goes to spend the evening with his adored one and returns half an hour later with clothing torn and hat missing the story of tripping on a hole in the side walk is rather thin. It looks more as though some one had let out the family bull dog.

—The committee of arrangements of the Devil's Lake excursion have succeeded in getting reduced rates at the hotels for those who do not take a lunch At the Cliff house, 50 cents a meal; warm lunch at the Kirkland, 25 cents. Get your tickets early. The train will stop at the picnic grounds.

—Two young ladies who put on their new, three story summer hats for the first time last Sunday night, are still wondering why their friends refused to recognize them. On the other hand everyone that knows what it is to sit behind such hats in the theatre, think that the friends were fully justified.

—Last evening a lawn social was given by the ladies of the Presbyterian church at the home of Mr. James Shearer, of the first ward. There was a large attendance and Japanese lanterns hung from the trees made the scene a charming one. The company was very pleasantly entertained and enjoyed the evening thoroughly.

—Orders from headquarters say the First regiment will go into camp at Racine August 11th. The Second regiment will spend a week at Beaver Dam, beginning August 15th. The Third regiment will enter camp at Portage next Monday. The Fourth battalion will do its camping on grounds near Milwaukee beginning July 18th.

—Heretofore the city school buildings have been put up by the school board under special acts of the legislature. With the second ward building it must be different. The work done here must be under the supervision of the common council and the meeting of the commissioners last evening was called to put the matter on a proper footing.

—Attention is called to the advertisement of the Wallis Manufacturing Company in this issue. Their bathing cabinet is having an extensive sale, and is giving the best of satisfaction. The cabinet may be seen at Sol Tobias' jewelry store or at E. Hall's hardware store. Every family should be supplied with one. They not only promote health and cleanliness, but they are a complete bath room within the reach of every family.

—On and after Sunday, June 19th, a new passenger train will leave Janesville on the Chicago and Northwestern railway at 5:45 a. m. and arrive at Fond du Lac at 9:35 a. m. connecting there with trains for Oshkosh, Appleton, Neenah, Fort Howard, and all points north. Returning will leave Fond du Lac on arrival of trains from the above points, (4:45 p. m.) arriving in Janesville at 8:25 p. m. A good accommodation for Janesville and Southern Wisconsin.

—All members of the Janesville Choral Union are respectfully requested to meet at Mrs. J. W. Bintliff's this (Wednesday) evening at eight o'clock for rehearsal. Bring "Creation" book and Gilmore's concert book. A full attendance is desired as a matter of importance is to come before the meeting. Members of the Choral Union are requested to pay their subscriptions to Mr. William Bladon at the Merchants' & Mechanics' Savings Bank not later than the 10th inst.

SECRETARY.

—Mr. C. W. Jackman, for many years in the livery business in this city, has purchased an interest in the carriage manufactory of Herman Buchholz, and hereafter the firm will be known as Buchholz & Co. This will make a strong firm in charge of one of the best established carriage manufactories in the west. Mr Jackman is one of Janesville's wide awake business men and with the reputation the establishment has already gained for turning out the very best vehicles of all descriptions, success will continue with the new firm.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 69 degrees above zero. Clear with east wind. At one o'clock p. m., the register was 98 degrees above zero. Partly cloudy with south wind. For corresponding hours one year ago the register was 74 and 83 degrees above zero.

No soap so satisfactory as Fairbank's. It's an improvement over any other kind.

James G. and Pat Quinn Come Out Ahead with But Very Little Trouble.

The First Proves to be a Wonderful Race Horse and Makes Fast Time.

To-day's Races and the Many Flyers that Are Taking Part.

NOTES AND COMMENT.

As stated in the last evening's Gazette the 2:40 class yesterday was only sent away after much delay. Not until the horses had scored eight times, did they get the word. They finally went off all in a bunch, Fugleman having the pole. Pat Quinn's colors showed at the front before the first quarter was reached and in the finish the little horse was considerably ahead. With the pole to score by he took the second and third heats as well. Peek-a-Boo was draw at the end of the second heat, her driver fearing the race would be too hard. In the third heat, soon after entering the second quarter Gen. Schuyler fell, Smuggle, who was close behind, went over him. Neither of the horses recovered in time to save their distance but both escaped serious injury. Schuyler's driver, John Kelley, of Chicago, dislocated one shoulder. His sulky in the other race was taken by McCarthy.

The 2:24 brought out seven starters James G. was a strong favorite, for the knowing ones whispered that any horse to beat him must beat 2:18. William got the poll, however, and took the first heat easily. In the second heat James G. held the lead until the third quarter, when he dropped back. Although he went to the front again, immediately, the judges put him in second place because of a break. William, who was given first place began to be somewhat of a favorite, but Ingraham's horse was still cutting wood and took the next three heats easily. He finished in a jog each time making the first half once in 1:07.

Those that put their money on the Son of Royal Chief were evidently not so far wrong after all. He was the sensational horse of the day and proved himself to be one of the best race horses in the country. Summaries of the two races as follows:

2:40 CLASS.

Fugleman, b. g.	2	10	4
Clinker, Jr., b. h.	11	11	9
Mollie Wilkes	5	7	2
Belle Bender	6	5	6

Time—2:25, 2:28, 2:30.

2:24 CLASS.

William, b. h.	1	1	6	4	5
Maggie Keenan	5	5	8	3	dr.
Mambrinette	dist.				
Opal, b. m.	2	3	5	6	4
James G., ch. h.	8	2	1	1	1
Pharo, b. g.	6	6	4	2	2
Counsel, ch. h.	4	4	0	5	3

Time—2:21, 2:21, 2:21¼, 2:21¼, 2:25.

Pat Quinn took first money in the 2:40 race, Laura E. having second. Fugleman, third, and Mollie Wilkes, fourth. In the 2:24 race, first money went to James G., second to William, third to Pharo and fourth to Opal.

TO-DAY'S RACES.

This afternoon's sport opened with a well filled grand stand and favorable weather. The track was rather hard but less dusty than on yesterday.

The 2:28 trotting race was called first there being eleven starters. These were Indigo, Wilkes Brino, George B., Bertha, Celvina Sprague, Alien Almont, Amy King, George O., Cora C, David R., Flossie G. Celvina Sprague had become the favorite, although Amy King was close behind.

In the pacing race the starters were Budd Doble, Leo, Billy the Kid, Ella P., Frank Champ, Fullerton D., Bud Crook, Fanny Clinker and Richard P. Fullerton D. was a favorite, selling at 10 to 8 against the field.

To-day's judges were the Hon. Anson Rogers, Mr. J. G. Deven, of Chicago, and Mr. J. E. Gleason. H. D. McKinney was the starter, and James Van Etta and Mr. P. Burnham, of Chicago held the watches.

John Splan drives in the 2:28 race, and the ribbons over George B. This horse belongs to John Madden, of this city, and held quite a prominent place in the eyes of pool buyers. Another prominent jockey set down as driving in the same race was Budd Doble, but his horse Roxy McGregor was drawn.

The horses were not sent off this afternoon until half past two. This was because of a delay which resulted from one of the horses losing a shoe. The racing will probably last until late in the day.

SPORT FOR TO-MORROW.

The next races are the 2:45 trotting and the 2:20 pacing. The entries are as follows:

J. W. Voglesong, b. m. Little Ida by Son Tom Hunter.
John Hennesey, ch. m. Nettie Hoppen.

TRACK GOSSIP.

It was a great day for the favorites.

Twelve sulky wheels were wrecked in one race yesterday.

In the grand stand the ladies are about as numerous as the men.

John Kelly, who had an arm dislocated will be in shape again soon.

Elgin put in most of yesterday backing Pat Quinn. The other fellows felt tired in consequence.

Whenever a race with fourteen or fifteen horses has to be started H. D. McKinney grits his teeth.

Fullerton D., who sells as favorite in the pacing race to day, has been winning money by the pailful all this year.

Stop watches are deceptive. While warming up, Smuggle went a mile in 2:11 (?) but in the race he couldn't even beat 2:30.

The high collar on one "horsey" young man at the fair grounds looks like a whitewashed fence around an insane asylum.

Fugleman's owner "kicked" on the judges' decision yesterday, and claimed second place in the third heat. The judges failed to hear him.

Orrin A. Hickock, of California, attracts little attention in a crowd until someone mentions his name. Then he is the center of all eyes.

Even such drivers as John Splan have to fail once in a while. Splan got second money for Pharo yesterday, but with Class Leader he could do nothing.

Pat Quinn's owner claims that two years ago the horse was drawing cord wood for an Irishman near Elgin. Now he is held at $10,000 and is expected to beat 2:18 before the end of July.

THE BOARD OF EDUCATION.

The board of education held a special meeting last evening at which all the members were present except Com. Holloway, Judd and Sutherland.

The meeting was called for the purpose of reconsidering the action of a former meeting in relation to the second ward school building. On motion of Com. Stevens the clerk was instructed to withdraw the recommendation passed at a former meeting.

Com. Stevens then introduced a preamble setting forth the dangerous condition of the second ward school building, the necessity for greater accommodations, and a resolution:

That we hereby recommend to the common council of the city of Janesville that a new school building be erected in said second ward, upon the lot or lots whereon the present school building now stands, at a cost of ten thousand dollars, and that the further sum of two thousand dollars be appropriated for heating apparatus and furnishing complete the said building; that the old building be taken down; that the new building shall be two stories high, built of brick, and have six school rooms therein; that it shall be so constructed as to prevent its destruction by fire and so as to allow easy and ready escape therefrom in case of fire.

The clerk was directed to file a copy of the resolution with the city clerk, and also to inform the council that, if desired, the board would cause plans of specifications of the proposed building to be made and submitted to the council.

The board adjourned.

A BUSY BODY.

To the Editor.

The man that made himself so busy about an even taxation, mentioned in the Recorder of June 9th, must certainly be a busy body, whether he possesses brains or not. Yet we must give him credit for trying to conceal his name as well as his penmanship. It showed indeed that he was incapable of public meanness or not yet hardened in crime. But what can we think of the man that in a frivolous and jocoso way charges a certain man with the writing in question. We can hardly compare him with the old woman who in her good intentions carried out a bag of feathers belonging to one of her neighbors to have them aired, as she thought, but no sooner had she emptied them before the wind than they flew in all directions. Alarmed at her own folly when she found herself unable to gather up the feathers, she offered pay as the best and the only thing that remained in her power. But what pay can be offered for destroying a man's reputation. The feathers in part may be gathered up—but the suspicious and foul words can never be recalled. LA PRAIRIE.

Transfers of Rock County Real Estate.

The following real estate transfers were recorded during the week ending June 13th, as reported by C. E. Bowles, Real Estate and Loan Agent:

Careful attention to the diet is the best guard against disease. It is a fact which all should know, that over-eating not only corrupts the blood but destroys nerve force, and induces dyspepsia, jaundice, bad breath, piles, pimples, and liver troubles. Dr. Jones' Red Clover Tonic quickly cures the above diseases. Can be taken by the most delicate. Price fifty cents. Sold by Prentice & Evenson.

MILTON.

—Last Wednesday evening President Whitford gave a reception to the collegians and they took occasion to surprise the president and wife by presenting the former with an elegant and substantial easy chair, (with the hope no doubt, that he would find it so comfortable that his evenings would be spent therein) and the latter, with a handsome leather photograph album. The evening was a very pleasant one for all concerned.

—J. B. McGibeny was in town Thursday and Friday. The family are at present in Nebraska and are making east. All are well and since leaving Milton last season have travelled over twelve thousand miles, spending most of the time in Oregon and California. He informed us that the Family were now closing the most successful season in their history. Mr. McGibeny while here, arranged to spend the summer vacation at the Standard house and the Family will put in their appearance in this village July 1. We are very glad that they are to be here and can assure them a hearty welcome.

—General Superintendent Clarke, of the St. Paul company, shipped two fine horses from this station last Friday to his farm in Iowa. They were bought of Rev. O. E. Gordon and came from his farm at Lake Koshkonong. They were shipped in a baggage car. The reverend gentlemen also shipped a horse to Boyd, of Milwaukee, the same day.

—E. P. Babcock and wife, of Clinton, were in town this week visiting Milton relatives.

—Alberlus Lewis, of Utica, N. Y., is in the village this week, the guest of his uncle, E. P. Clarke.

—The lawns about town are looking brown owing to the continued drouth.

—W. P. Clarke, F. M. Wilbur, S. S. Obourn, Wm. Cole, Ira Pellett, S. F. Colt, A. D. Burdick, C. L. Clarke, H. C. Curtis, E. Hudson, J. E. Coakley, S. W. Baker, O. C. Garthwaithe and F. C. Buten represented Milton at the 13th Wisconsin reunion held at Clinton last Wednesday and had a grand good time. Their old colonel, Judge W. P. Lyon, presented each of the "boys" with a steel engraving of himself.

—Thos. Buten, of Nortonville, Kansas, was in town last week visiting relatives and friends.

—The lack of rain this season is seen most preceptibly in the scant growth of grass. Grain sown with a drill is looking well, but is rather thin on the ground. Corn never was any more forward at this season of the year and is growing very fast. Potatoes are looking remarkably well, despite the plentitude of bugs and upon the whole crops are in very good condition notwithstanding the light rainfall this summer, but cannot do well much longer without moisture.

—Mr. and Mrs. C. C. Ball mourn the death of a three months' old baby, which died on the 7th inst. The funeral took place on the afternoon of the 9th inst. at the M. E. church, Rev. T. H. Smithers, of North Johnstown, officiating.

—Mrs. H. P. Stanley, of Chicago, was in town last week, the guest of Rev. J. Bailey. She returned on Thursday.

—R. Richardson spent Monday in town. He expects to be home for his long vacation in a few days.

—Mr. Craig, of Fort Atkinson, was in town Monday, in the interest of the Geneva excursion.

—Dr. Luther L. Bond, of West Side, Iowa, was visiting his Milton acquaintances this week. He looks hale and hearty.

—Pathmaster Davidson has made some needed repairs on the sidewalk during the past week.

—Children's day was observed at the M. E. church last Sunday morning. The audience room was ornamented with beautiful floral decorations, with their usual accompaniment of canary birds in cages, making a very pleasant and attractive display. The services were appropriate, the Sunday school having a large share therein, and the attendance all that could be accommodated.

—This locality is well represented at the races to-day.

THEY SAY.

That the removal of the bridge on the Junction road was an unwise move on the part of the board.

That the "old man" kicked on having any ditch through his farm and that the kick was successful.

That the board of supervisors who put in the stone culvert on the Junction road paid $150 for the job.

That there is a town in this county where the board is as one man or one man the board.

That they still cough and "whoop'er up" right lively in this village and it goes for young and old alike.

That the prospects for a Fourth of July celebration in Milton are not flattering.

That the prizes for field day will be on exhibition next week.

That the hay crop in the park will hardly pay for cutting this year.

That it begins to smell to heaven already and will be horrible in July and August.

That Prof. Schultz, of Detroit, will be with the McGibeny Family again this year.

That the Fourth of July celebration at Clear Lake will not materialize.

That a new road, as good as the old one, at Sprague's hill will cost a thousand dollars.

That the board have decided not to grant any licenses for billiard and pool tables.

That the seniors were too sharp for the juniors in the class-tree matter.

That Hon. L. B. Oaswell State Superintendent Thayer, Senator Kennedy and other notables, former students, will be here commencement day.

That men who are well-to-do won't pay their highway taxes in money, consequently we have poor sidewalks.

That Sheriff Ward was unable to find one of the important witnesses in Trenwith, Sullivan & Co. case, when here last Thursday.

That Will Stearns will soon officiate as foreman in the Telephone office, vice, Affolter.

That Irvin Stone is building a new house for his mother this season.

That Still. Babcock has invented a shear and vise machine that is going to beat 'em all.

That the Juniors are very much troubled about that Edgerton letter.

That twelve hundred cases of '86 tobacco are now in store here of the Soverhill packing.

That beer is still regularly delivered in this village as in by-gone days.

Iron Discoveries in Wisconsin.

LACROSSE, Wis., June 15.—There is much excitement over recent discoveries of iron ore in Buffalo county. Every shaft sunk shows rich deposits, and four companies have been organized. The first one, called the Buffalo County Mining, has been incorporated with a capital stock of $1,000,000 in 2,000 shares, which are rapidly being taken by railroad men and residents of the mineral district. The iron range lies four miles east of the Burlington track among the bluff towns. The ore is of fine quality, and is declared by geologists to be an original deposit.

A Treasurer Accused of Embezzlement.

CHICAGO, June 15.—It is reported that Walter S. Condon, treasurer of the Switchman's Mutual Aid association of the United States and Canada, had absconded with $16,-500 of the association funds. The downfall was caused by gambling, it is said. Condon formerly lived in Kansas City, and inquiry there elicited the following response: "Condon lived in Kansas City, but removed his headquarters to Chicago, leaving his family here. His wife says she knew some time ago that he was an embezzler. He is supposed to have gone to Canada."

MAGNOLIA.

—Mr. Frank Whitney, of New Ulm, Minn., is in town visiting his parents.

—Little Susie Segers is quite sick with rheumatic fever. Dr. Stair, of Evansville, is attending her

—Mr. Walter Collins, who had an ulcerated tooth pulled some time ago, has had quite a serious time. The doctor had to lance his face, and now they are afraid it will terminate in blood poison.

—Miss Ella Howard, of Albany, is spending a week in town with her grandmother, Mrs. Fred Barrett.

—Mrs. O. E. Colton and Mrs. Andrew Cain, of Bruce, Dakota, arrived in town last Thursday. They intend to remain three weeks visiting relatives and friends.

—Mrs. Jonathan Leighton and Mrs. Geo. Emmons returned home last Saturday from their visit in Iowa.

—Mr. Robert Leonard, of Minneapolis, was in town Tuesday on his way to Clinton to attend the reunion of the 13th Wisconsin Vol. in which he served four years during the late war.

—Miss Hattie Hudson is quite sick.

—The Advent and Methodist Sunday schools held a picnic in Mr. Barton's grove last Saturday. After the exercises of singing, reading and recitations the tables were spread and a sumptuous repast was partaken of. All then returned to their homes well satisfied with the pleasures of the day.

—Mrs. Hiram Spencer and Mrs. Chas. Clifford, of Evansville, were in town Thursday.

FAIRFIELD.

—Mr. W. G. Henry, of Boston, spent last week with friends at this place.

—Mrs. John Dykeman is visiting friends in Iowa.

—The social at Mr. Levi Inman's, on Friday evening last was a very pleasant affair. A large company was in attendance, and much enjoyed by all. The next will be held at the home of Mr. and Mrs. John Wetmore on Friday afternoon and evening, June 24th.

—Mr. and Mrs. William Saxe, of Whitewater, was in town on Thursday last

—Those who are interested in improving the cemetery grounds are requested to meet on Saturday of this week, and put the same in order.

—Mr. Ed. Holmes is moving into his new house, and will soon be in readiness to entertain his many friends.

—Mrs. David Dykeman and Miss Eva Housten start this week for Syracuse, New York, where they will spend a portion of the summer.

—E. F. Welch shipped a carload of hogs to Chicago this week.

Robert Moore is building a large addition to his barn.

—Ed. Chesbro, Jr., has made some decided improvements on his house and surroundings, which add much to the beauty of the place.

—Mr. William Wilkins is improving the appearance of his dwelling and grounds.

—Quite a number from this vicinity attended the children's day services at Emerald Grove and Johnstown.

HANOVER.

—This dry weather makes our farmers look blue. A good rain would prove a blessing.

—Our landlord has been on the sick list for a few days past. Hope it will not be anything serious George.

—Mr. J. Jackson and wife have returned from their trip to Dakota. They stop but a few days and then continue on to Vermont.

—Our old resident, J. W. Jones dropped in on us last Sunday for a short time. Glad to see you, John, come again.

—Our genial agent of C. & N. W. R. R. Mr. J. Edgerton, and wife, have gone to Michigan for a short visit.

—A most disgraceful scence occurred in our village Sunday evening. One of our constables beat a poor, harmless tramp most shamefully, and it would likely have proved a very serious matter if the citizens had not interfered. We always supposed a constable's business was to keep the peace, and that he took an oath to that effect. If our supposition is correct then this assault is a direct violation of his oath. This is a case for our Board of Supervisors and should be attended to at once. Make an example of this law breaking constable.

Seek Fortune's Embrace Ere it is too Late.

The 204th Grand Monthly Drawing of the Louisiana State Lottery took place at New Orleans, on Tuesday (always Tuesday) May 10th, 1887. $522,500 was sent to many worthy people. We will tell some: No. 15,765 drew the first prize; it was sold in fractional tenths at $1 each sent to M. A. Dauphin, New Orleans, La. One was sent to T. J. Lynch, a well known liquor dealer S. E. cor. 11th and Locust Sts., Phila.; it was collected by the Third National Bank of Phila; six-tenths were sold to Californians, and were collected through Wells, Fargo, & Co., of San Francisco, Cal.; one sold to A. Fruny, Deer Lick, Mason Co., W. Va., was collected through Metropolitan National Bank, Cincinnati, Ohio. No. 75,866 drew the Second Prize of $50,000; it also was sold in tenths for $1; two were paid through the National Commercial Bank of Mobile, Ala.; one through the Commercial National Bank of Nashville, Tenn.; one paid through Bank of Commerce, Louisville, Ky.; two to Frank Corcoran, Cairo, Ill.; through the City Nat'l Bank of Cairo, Ill. No. 15,-872 drew the Third prize of $20,000; it was also sold in tenths; one to Edwin Le Bare, of New York city, collected through Adams Express Co; one to N. Crenshaw, of Everest, Kansas; one to C. C. Harmon, paid through Corry National Bank, of Corry, Pa.; one paid through Bank of California, at San Francisco, Cal.; and the rest elsewhere. Nos. 45 649 and 51,955 drew the two Fourth Prizes of $10,000; sold to parties in Chicago, Ill.; San Francisco, Oakland and San Jose, Cal.; Keokuk, Iowa; Camille, Mo.; New Orleans, Boston, Washington, Pittsburg, Mt. Pleasant, Fla.; Gurdon, Ark.; Union Star, Mo.; and elsewhere. So the wheel turns on forever, and on July 12th it will all be repeated. Any one can learn full partiuclars by addressing M. A. Dauphin New Orleans, La. Seek Fortune's embrace ere it is too late.

Try Fairbank's strictly pure soaps, and you will never use any other.

AFTON.

—Mr. Emmett E. Burdick was visiting in this vicinity the fore part of the week.

—Another of the old and respected citizens of this town has passed away to his eternal home, this time in the person of Deacon Phillip Palmer, who expired on last Thursday afternoon at about 2 o'clock. He had been failing for some time, therefore his death was not unexpected, although he was able to be about up to within a few days of his death. The deceased was a consistent member and deacon of the Baptist church in this place and was respected and esteemed by those who knew him. His wife died a few years ago and he married the second time being united to Mrs. John Shelley, who survives him. He also leaves four children, Mrs. N. Topping, of Darien, Wis., Mrs. Garrie Cole, of Kansas City; Mr. H. P. Palmer, of Chicago, and Mr. Geo. H. Palmer, of this town, all of whom were present at the funeral, which took place on Saturday at 2 p. m at the church. Rev. L. L. Lansing officiating. Deacon Palmer had passed the alloted three score and ten years, being in his 72d year at the time of his death.

—Last Sunday was observed by the Baptist Sunday school of this place as children's day, and very appropriate and interesting exercises were held at the church, taking the place of the regular morning services. The interior of the church was tastefully decorated for the occasion, many choice plants and wild flowers, leaves, grasses, ferns and vines being arranged in a most attractive manner. A graceful arch, twined with ivy, and bearing the beautiful sentiment, "God Bless the Children," spanned the pulpit platform from which the children delivered their addresses, which, with the beautiful floral anchor, the bright boquets, silvery stars and chirping canaries made it a scene of musical beauty. The programme presented was one of interest, consisted of singing, responsive readings, recitations, bible reading by the pastor, and also by different members, a dialogue and a few remarks by the pastor and superintendent. These are the first public exercises held since Superintendent Miller took charge of the school, and much credit is due to him for the successful manner in which he carried out the programme, and also to the ladies of the school who took charge of the floral decorations.

—Mr. Jas. Kilmer left last week for Scranton, Pa., and vicinity on a visit among relatives and old acquaintances.

—The ice cream and cake social at the residence of Mr. W. H. Eldredge on Tuesday evening of last week, was very well attended and an enjoyable evening was passed.

—Photographer Turner, of Janesville, was down here Monday and took a picture of the interior decorations of the Baptist church placed there for the children's day exercises. He also photographed the church building, from an outside point of view.
